

POP-UP RELIEF VALVES

For more info, visit our website at www.tempoinc.com.

Features:

- Available in 4 configurations.
- Pop-Up body manufactured from structurally foamed High Density Polyethylene (HDPE).
- Elbow (where applicable) manufactured from PVC.
- Adapter (where applicable) manufactured from High Impact Polystyrene (HIPS).
- UV stabilized to protect from sun degradation.
- Cover rises 1/2" to discharge excess water in system.
- Spring automatically retracts cover to flush position after excess water is discharged.
- Can be used in both vertical and horizontal position.
- Stainless steel spring to prevent rusting.
- PVC elbows (where applicable) include a 1/4" drain hole to eliminate standing water.
- Made in the USA.
